About Conference

ICCIASH 2020 focuses on both theory and applications in the broad areas of applied sciences and humanities. ICCIASH is a multidisciplinary conference organized with the objective of bringing together academicians, scientists, researchers from industry, research scholars, and students working in all areas of applied sciences and humanities. The conference will provide the authors and listeners with opportunities for national and international collaboration and networking among universities and institutions from India and abroad for promoting research and developing technologies. The aim of this conference is to promote translation of basic research into applied investigation and convert applied investigation into practice. This conference will also create awareness about the importance of basic scientific research in different fields matching with the current trends. The conference will provide the flavour of keynote lectures by eminent speakers from different areas & panel discussion by industry people. The scope of the conference includes all areas of Applied sciences & Humanities.
