### About Conference

Online International Conference on "Intelligent Systems, Electrical and Communication Technology (ICISECT-21) will be organized by St. Martin's Engineering College, Secunderabad, Telangana, India during 09<sup>th</sup> & 10<sup>th</sup> April, 2021. ICISECT-21 will serve as a colloquy for sharing the proficiency among academicians, researchers, scientist and industrial personnel from all over the world in the areas of engineering and technology for estimation and prevention of complex situation. All contributions should be of high quality, original but not published elsewhere or submitted for publication. All papers will be reviewed by eminent researchers and all registered papers will be published in journals. All the abstracts will be published in conference proceedings with ISBN. Participants will present papers online.

### Scope of Conference

The ICISECT-21 aims to bring together leading academic scientists, researchers, industrial personnel and research scholars from all over the world under a roof to exchange and share their experiences and research results through brain storming sessions on current trends and latest innovations covering all aspects of multidisciplinary Engineering. The conference will have keynote address from illustrious speakers and peer-reviewed high-quality technical papers. Discussing the impact of key technologies like Artificial Intelligence, Machine Learning which is applicable in multi-disciplinary Engineering such as Communications, Electrical, Computer Science and Information Technologies. This conference establishes the efforts that are to be invested to make innovative approach on interdisciplinary activities. With the interaction of experts and participants increased the communication space for research practices, methodology and developing algorithm for the special purpose.

**Note:** The authors of the registered paper will be issued E-Certificate and hardcopy of International publication certificate and kit from the conference organizers.
