1. Department: **Research & Development Center**
2. Name of the event: **IPR Awareness Program**
3. Event Date: **01-07-2022**
4. Report submitted date: **02-07-2022**
5. Brief description about the event:

The Seminar on "**IPR Awareness Program**" was hosted by the Research & Development Center of SMEC. The objective of the programme was to create a general awareness about Intellectual Property Rights (IPR), the advantages, the need of filling the patents, how to file the patent and development on post filing patent.

This session is enriched with the well experienced resource persons who have great skill set in filling the patents. The following topics are focused in the working example, claims, novelty and inventory steps and requirements for filling the patents to all researchers & teachers. This program was initiated and directed by the Principal Dr. P. Santosh Kumar Patra. Sir, has explained how the Patent publication and grants are important for everyone. This event was then graced by the chief guest and Resource Person Mr. K. Varaprasad, Assistant Controller of Patent and Design, Patent office Chennai. This event was started with the welcome address by Dr. Sanjay Kumar Suman, Dean R&D and the Convenor of the seminar. He briefed about the need for patent filling for all researchers.

Glimpses of the Event

The IPR Awareness Program was organized on 01-07-2022. The Inaugural session started at 3:00 PM by congratulating all the participants with a motivational speech. Later the Session was started by the Resource Person Mr. K. Varaprasad, Assistant Controller of patent and Design, Patent office Chennai. He focused on how to filling the patents, publishing the patents and grants.

Intellectual Property Rights (IPRs) are a set of exclusive rights protected by law which are accorded to creators or persons over their creations for a certain period. An IP right holder can realize value from its intellectual assets through utilizing it internally for its own processes or share it externally through provision of goods and services to customers. The latter can be achieved through legal mechanisms such as licensing or assignment.

The valedictory session was started at 4.45 PM. The vote of thanks was given by Dr. N. Krishnaiah, Professor, Dept of IT and R&D Coordinator. The feedback was collected from all the participants through google form. The response and experiences feedback were excellent from the participants and are interested to be the part of the event in the future.
